## Sizes 33 to 40

Special attention of Parents is called to the models and sizes in these suits desirable for high school, prep and college young men.

## One Word More

We haven't as many Suits as we know will be called for although we hope to continue this Sale for a week or ten days. It will come to a sudden stop as soon as the Suits sell out.

## The Extra Pair of Trousers

Almost doubles the life of the suit, for experience shows that the trousers give out long before the coat. But another consideration is that by having two pairs of trousers one can be worn while the other's pressed, wearing them alternately, not only keeping up appearances but prolonging their usefulness. This is better than wearing one pair until it gives out, then starting on the other pair.

As We Are Limited to About 400 Suits, We Would Advise You to Come Early to Avoid Disappointment

A companion sale to our Two-trouser Suit Sale—especially planned for men of conservative tastes, so that they may also share in the unusual values.

We placed our order for these Suits about a year ago, but the mill did not deliver the goods to the makers until recently. The fabrics are among the best made in this country,

As they comprise fine, all-wool smooth worsteds and velours and fine blue serges, the long-wearing kinds that have been and are still hard to get at any price.

Most of these fabrics are the products of the famous Ethan Allen and Metcalf Mills, known to the trade to make only high grade fabrics. Patterns comprise silk mixed all-wool worsteds in neat mixtures and stripe effects, also pencil stripe velours and fine all-wool blue serges. You will get more for your money in long wear out of these suits than any you have been able to buy for a long time.
